Summer Quest 2020 Instructions

Welcome to WPL's Summer Learning Program: Quest 2020! This game is free and easy to play— please register online at www.wpl.org. Once your summer quest is completed, you'll be entered into drawings for prizes, including chamber bucks for local businesses! One entry per family/household.

To play the game, your household/family simply moves space to space from start to finish, completing each space's challenge before moving to the next. Check mark or X each space as completed to help track your progress. Use the dice when you land on spaces that require time, or to help you "pick" a challenge. You have from now through Aug. 31 to complete every challenge on the board and finish your summer QUEST! Good luck! May it be a glorious adventure!

LET THE QUEST BEGIN!

OH NO! A TROLL! DON'T LET IT STOP YOU!

Uh oh! This troll is trying to stop you on your quest. Don't let it! Knowledge is power. To defeat the troll, READ! Roll the dice to determine time. Take whatever number you roll and multiply it by 10 minutes. For example, if you roll a 2, **everyone reads** for 20 min. If you roll a 12, it's 120 minutes (2 hours), etc.

PLAY A GAME! ANY GAME! (UNPLUGGED)

Here, all you have to do is play a game together. Cards, charades, dice, a board game... any game "unplugged." Play letter games where you think of as many words as you can that begin with the same letter, rhyme games, or a guessing game like "Animal, Vegetable, Mineral."

STORY TIME! To complete this task, simply take turns telling a story (it can be stories from your day or childhood memories), or listen to a story, visit the library's story walk (at Island Park), and/or watch one of our story times on our YouTube channel!

MOVE! (YOU CREATE THE RULES)

Your family/household determines the exercises, we just ask that you move/exercise in some way for at least 20 min. to complete this challenge. Feel free to use the dice to help determine how long you exercise, or create a list, and roll to determine which exercise you do (ex: rolling a 3 to walk, 4 is sit-ups, 6 is dance party, 8 is play at the park, etc. This is your game to run with, literally and figuratively. :) Have fun with it, and move!

GRIFFIN'S RIDDLE!

Solve a riddle to move on. Find your own riddles, or solve one of ours listed at our website- www.wpl.org.

QUEST CHALLENGES! When you land on these, you get to choose your challenge from this list. → You must complete a different challenge for each shield, (9 different challenges total), but feel free to do more if you are so inclined! Check mark, put an X on it, or write the 2 number next to it once completed.

QUEST CHALLENGES (Complete 9 total, 1 per 2 space.)
